

Term 2 Newsletter: Mrs Khalaf's Year 3/4 Class

English

This term we have learnt lots of CAFÉ reading strategies, practised reading in Daily 5 and enjoyed reading the 'Fudge' series of books by Judy Blume. We have also learnt how to write narratives and continued to improve our spelling.

Maths

This term we have had a big focus on Measurement: length, perimeter, mass, capacity and volume. We have also continued to learn lots of mental computation strategies and have begun maths intervention lessons with the other Year 3/4 classes.

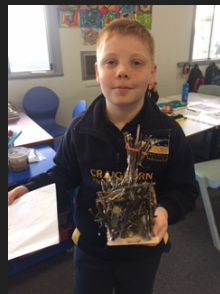

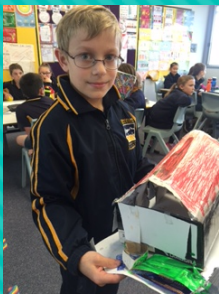

Inquiry

Students loved learning about other countries' climates and homes. They did an amazing job creating model homes. Thank you to those parents who were able to come and look at our creations! Check out our photos in this newsletter.

Term 3

- Writing focus: explanations and reports
- Maths focus: addition, subtraction and multiplication
- Inquiry: endangered animal and plant species.

Have a great holiday!

Term 3 Reminders:

Homework expectations:

- 5 nights of reading every week (15 mins)
- 3 nights of spelling practise
- Times Tables practise as needed
- Occasionally there will be extra homework

Organisation:

Students were provided with basic stationery items at the beginning of the year. If they lost these items, they need to replace them. Please check that your child has enough lead pencils and a sharpener.
